

A dark green, plush power lift recliner chair is the central focus, positioned in a bright, modern living room. The chair features a high, tufted backrest and a control panel on the right armrest. In the background, a side table holds a lamp with a wooden base and a white shade, a potted plant, and a small vase. A portion of another green sofa with a patterned pillow is visible on the right. The room is decorated with framed botanical art and a light-colored rug.
